Chalkboards Chalkboards Combinations Presentation Boards Combinations Presentation Boards Cork Boards Cork Boards Dry Erase Boards Dry Erase Boards Felt Letter Boards Glass Whiteboard Mobile Whiteboard The more players there are, the harder it is to score points. Print every printable game page you want to play. Make enough copies for one of each page for each player. Each player also needs a pen or pencil. You'll also need a watch that can have time for two minutes. Distribute a copy of one of the game pages and a pencil to each player. Pass the page to each player on-side-down so that no one has the advantage of seeing the page first. The time starts for two minutes and the players will turn their page and start looking for words. Players can write words that they find in the grid that correspond to the following rules: the letters in the words must be connected in the same order in the grid. Letters can be connected from a border or angle. The word must not appear in a straight line. It can be attached. Each letter in the word must appear unequivocally in the grid. For example, if the word is ERASE, the letter E must appear twice in the grid. The word cannot just loop back and reuse the same E. Words must be at least 4 long letters Words cannot be a correct name, such as a name or a place. Here is an example: T E O V S F F N A P C A R I This is a valid event of the word ERASE in the grid. T E O V S F F N A P C A R I This is not a valid event of the word ERASE in the grid, because you need another E for the end of the word. How A Boggle game ends There are four ways you can finish a game to sled. Just decide in advance which game you will use: each printable page to slide can be considered a separate game. Play a number of rounds. Print enough copies of each game page to slide, and when the pages are finished, the game is over. Add points to see you win. It plays for a certain period of time. The disadvantage of this method is that you do not know in advance how many different impossible game pages you will need. Print a lot, just in case. He plays up to a certain number of points. Again, you don't know how many pages you're gonna need, so stay ahead of me. You can decide to use a combination of rules. For example, you can decide to play five rounds or up to half an hour, depending on which comes first. Run your Boggle game on sled, earn only points if no one else has found a word you have and that word is a valid word from the grid. To determine which words they can mark, someone will read their list of words. If two players have that word, the word must be deleted from each list. When the first player is finished with their list, the next player reads through their list and players delete duplicate words. This continues until everyone has read their list and have a list of unique words they have found. This is how to mark the words: less than three letters= 0 pts (invalid impossible word) 3 letters = 1 pt 4 letters = 1 pt 5 letters = 2 pts 6 letters = 3 pts 7 letters = 5 pts 8 letters or more = 11 pts (optional scoring rule) Word corresponds to the theme = doubles the points for the length of the word This scoring rule is not part standard rules. This is a special rule for the word pages on the theme. For example, if the theme was Space and someone found the word meteor the word would be worth six points (six letters = 3 points, then double for the match theme). In order to receive the doubled speaking points, the group must agree that the word found corresponds to the theme. Boggle Word Game Rules (version 5x5) Rules are the same for version 4x4, except that the smaller word is allowed four letters. The score is also slightly different: less than four letters= 0 pts (invalid word to slit) 4 letters = 1 pt 5 letters = 1 pt 6 letters = 2 pts 7 letters = 3 pts 8 5 pts 9 letters or more = 11 pts (optional scoring rule) Word corresponds to theme = doubles the points for the word length Alien game Baseball Game Basketball Game Birthday game birthday game 35; 2 Bobsled game Game Christmas cat game Cinderella Dinosaur games Dinosaur Dragon Dinosaur games game night game game baseball games farm games Father's Day game Figure Skating Fish games Fourth game of July Frankenstein football game Frog game Halloween Hansel and Gretel Hanukkah Game of Hockey Game Horse Game Medieval Horse Game of Monkey Day Game of Mother Panda Games of Penguin Bear Polar Games Game Princess of Rapunzel Rumpelstiltskin Game School Sleep Games School Game During the game Skiing Game Soccer Space game Game Sports Spring Game St. Patrick's Day Game Star Wars Games Summer Game Olympic Games Summer Thanksgiving Games Three Little Pigs Unicorn game Valentine's Day Vampire Games Winter Games Olympic Baseball Basketball Games Birthday Games 352Bobsled game Cat Cat Games Christmas Games Games of Cinderella Cinderella Cinderella Games of Dinosaur Game of Dog Dragon Game of Easter Farm Games Autumn Farm Games Farm Animal Day Games of Father Fish Figure Game Fourth of July Game of Frankenstein Frog game of Halloween Hansel and Gretel Hanukkah Horse Game Medieval Game of Horse Games Monkey Mommy's Party Mummy Game Panda game Penguin game Polar Bear game Princess game of Rapunzel game Rumpelstiltskin game School game Sleep Over game Skiing Soccer game Spaces Sports games Spring game of St. Patrick's Star Wars Games Summer Games Olympic Games Games of Valentine's Games Unicorn Games of the day The game of vampires Winter Games Games Games Games Olympic Games Parents can print these impassioned pages for their next family trip with the children, or teachers can print them for a fun bus travel activity.
