TIFF (or JPG): Color or grayscale photographs (halftone): Always use a minimum of 300 dpi. PPE, the case of addition or removal of authors, this includes confirmation from the author being added or removed.Only in exceptional circumstances will the Editor consider the addition, deletion or rearrangement of authors after the manuscript has been accepted. Your Paper Your Way We now differentiate between the title words. Collar Awards in a separate section at the end of the article before references and not, therefore, including them on the title page, as a higher title page note or otherwise. Results results Results id imetsis .ilanoizanretni o ilanoizan enoizartsiger id imetsis isulcni .avitamrofni imetsis -erpooc oiraid led atarop al. eiratimas inoizatsoppni cited in the abstract must be administered in full. The use of doi is highly encouraged. DOI is guaranteed to never change, so you can use it as a permanent connection to any electronic item. The electronic text should be prepared in a way very similar to that of conventional manuscripts (see also the guide to publication with Elsevier). Additional material Additional materials such as applications, images and audio clips, can be published with your item to improve it. Illustration services Elsevier's Author Services offers illustration services Authors who are preparing to present a manuscript but concerned about the quality of the images that accompany their article. The Journal emphasizes the assessment of systems in health settings. Unless you have written permission from the patient/patient Where applicable, the next Kin), the personal details of any patient included in any part of the article and in any additional material (including all illustrations and videos) must be removed before the presentation. Unit Following rules and conventions accepted internationally: use the international unit system (Yes). If these references are included in the reference list, they should follow the standard Journal reference style and should include a replacement of the publication date with "unpublished results" or "personal communication". Nakashizuka, mortality data for Japanese oak disease Wilt and surrounding forestry compositions, Mendelej data, VI, 2015. Formulas and equations in appendices should be given separate numbering: EQ. (A.1), EQ. (A.2), etc.; in a subsequent appendix, EQ. (B.1) And so on. Formatting sources of funding List of funding sources In this standard way to facilitate compliance with the requirements of the lender: financing: this work was supported by the National Institutes Health [Grant Numbers XXXX, Yyyy]; The Bill & Melinda Gates Foundation, Seattle, WA [Grant Number ZZZ]; And the United States Peace Institutes [Grant AAAA number]. It is not necessary to include detailed descriptions of the program or type of subsidies and prizes. To a publication magazine with an article number: [21]. The sex of animals must be indicated, and if any, the influence (or the association) of sex on the results of the study. Web-based texts provide a faster and lesser order process, allowing you to directly type corrections, eliminating the potential introduction of errors. If you prefer, you can still choose to write down and upload changes to PDF. Contact details All requests must be made via the publishing manager on . We recommend looking for genre neutrality using plural plural names patients/clients") as default/wherever possible to avoid using "he, she," or "he/she." We recommend avoiding the use of descriptors that refer to personal attributes such as age, gender, race, ethnicity, culture, sexual orientation, disability or health condition unless they are relevant and valid. (Cabitz, G; Campagner A) The need to separate the wheat from the chaff in medical informatics: introducing a comprehensive checklist for the (self-)assessment of medical AI studies. Unpublished results and personal communications are not recommended in the reference list, but may be mentioned in the text. . Please have a look at the examples here: example Highlights.Highlights should be submitted in a separate editable file in the online submission system. Elsevier Researcher Academy Researcher Academy is a free e-learning platform designed to support early and mid-career researchers throughout their research journey. Any subsection may be given a brief heading. Reference to a chapter in an edited book: [4] G.R. Mettam, L.B. Adams, How to prepare an electronic version of your article, in: B.S. Jones, R.Z. Smith (Eds.), Introduction to the Electronic Age, E-Publishing Inc., New York, 2009, pp. If you wish to make changes to supplementary material during any stage of the process, please make sure to provide an updated file. Karra, S. Please check carefully before replying, as inclusion of any subsequent corrections cannot be guaranteed. Graphical abstracts should be submitted as a separate file in the online submission system. The datasets will be listed and directly accessible to readers next to your published article online.For more information, visit the Mendelej Data for journals page. Data statement To foster transparency, we encourage you to state the availability of your data in your submission. For more information, please review the Elsevier Policy on the Use of Images or Patient information or other individuals. If this should not be the case, indicate the position of the more page notes in the text and has the most page notes themselves separately at the end of the article. The reference style used by the Journal will be the article accepted by Elsevier at the test phase. Van der Goer, J.a.j. Hanraads, R.A. Lupton, the art of writing a scientific article. J. thanks all the contributors that do not meet the criteria for paternity as defined above should be listed in a recognition section. Data Mendely This diary supports Mendelej data, allowing you to deposit any search data (including raw and processed data, video, code, software, algorithms, protocols and methods associated with the manuscript in a free open access repository for free use. . INTRODUCTION Sta The objectives of the work and provide an adequate background, avoiding a detailed survey of the literature or a summary of the results. Å e Å, ~ Å e ç provide too low files in the resolution. Signaling clinical trials Randomized controlled studies should be presented according to the consort guidelines. Your choice will have no effect on the editorial process or result with the Journal. Please note that the format of these quotes should be in the same style as all other references in the paper. If you want to format the references to yourself, they should be arranged based on the following examples: Reference style text: Indicate references by number (s) in square brackets in line with the text. A combined result and a section of discussion is often appropriate. Registration of clinical trials Registration in a public study register is a condition for the publication of clinical trials in this diary in accordance with the International Commission e e ilarulp e ilareneg inimret odnativæ de anacirema alfargotro odnazilltu .evahc elorap 6 id omisssam nu onocsinrof .tcarztsba'1 opod etnemataidemmi evahc elorap .ocidem oiraid led irottader ied inoizadnamoccar concepts (avoid, for example, 'and', 'of'). Copyright Upon acceptance of an article, authors will be asked to complete a 'Journal Publishing Agreement' (see more information on this). An e-mail will be sent to the corresponding author confirming receipt of the manuscript together with a 'Journal Publishing Agreement' form or a link to the online version of this agreement.Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions. Corresponding authors will receive an e-mail with a link to our online proofing system, allowing annotation and correction of proofs online. Similarly for tables and figures: Table A.1; Fig. In order to allow us to create links to abstracting and indexing services, such as Scopus, CrossRef and PubMed, please ensure that data provided in the references are correct. Note: since video and animation cannot be embedded in the print version of the journal, please provide text for both the electronic and the print version for the portions of the article that refer to this content. Saito, T. Data references should include the following elements: author name(s), dataset title, data repository, version (where available), year, and global persistent identifier. See also the section on Electronic artwork. Elsevier has preprinted forms for use by authors in these cases.For gold open access articles: Upon acceptance of an article, authors will be asked to complete a 'License Agreement' (more information). Image size: Please provide an image with a minimum of 531 ÅÅ 1328 pixels (h ÅÅ w) or proportionally more. Download Guide for Authors in PDF International Journal of Medical Informatics provides an international medium for dissemination of original results and interpretative reviews concerning the field of medical informatics. Appendices If there is more than one appendix, they should be identified as A, B, etc. For an charge, paper offprints can be ordered via the offprint order form which is sent once the article is accepted for publication. If other units are mentioned, please give their equivalent in SI. These will be used instead of standard icons and will personalize the link to your video data. Authorship All authors should have made substantial contributions to all of the following: (1) the conception and design of the study, or acquisition of data, or analysis and interpretation of data, (2) drafting the article or revising it critically for important intellectual content, (3) final approval of the version to be submitted. Elsevier supports responsible sharing Find out how you can share your research published in Elsevier journals. If your data is unavailable to access or unsuitable to post, you will have the opportunity to indicate why during the submission process, for example by stating that the research data is confidential. Sci. A summary declaration of interest statement in the title page file (if double anonymized) or the manuscript file (if single anonymized). Please use 'Highlights' in the file name and include 3 to 5 bullet points (maximum 85 characters, including spaces, per bullet point), as demonstrated [3.6]. This can be done in the same way as a figure or table by referring to the video or animation content and noting in the body text where it should be placed. to software.[7] E. If you use reference management software, please ensure that you remove all field codes before submitting the electronic manuscript. All submitted files should be properly labeled so that they directly relate to the video file's content. Submission Our online submission system guides you stepwise through the process of entering your article details and uploading your files. If you prefer to do so, you may still provide all or some of the source files at the initial submission.
