supported integration testing for goods receipts and returns, transfer posting, goods issues, physical inventory/cycle counting, as well as vendor evaluation. Big bang R/3 3.0e implementation project included integration with WM, QM, PP (discrete Production Orders and repetitive Run Schedule Headers), SD, PM, SM and FI/CO.

Consultant for Spearhead System Consultants (1996 to 1997)

Co-taught a 2-week SAP Production Planning course to ten users for client Nabisco Royal, a food manufacturer in Cali, Columbia (11/96). Worked together with another consultant and translators. Also advised project team, afterwards, on developing a strategy and plan for the R/3 3.0e implementation of FI/CO, MM, PP and SD.

MM-Purchasing for client Anheuser Busch, a beer manufacturer in St. Louis (08/96 to 10/96). Prototyping, including configuration, testing and scripting on Release 3.0d R/3 system implementation for entire spare parts procurement cycle (consumption-based MRP, Purchase Requisitions, RFQs and quotes, and automatic purchase orders) for vendor consignment goods in particular and stock purchasing in general.

Technical Consultant for ConAgra Frozen Foods, Omaha (9/1995 to 3/1996)

Configured business processes for sales and distribution using SAP R/2 RV with an RM-MAT front end and RF back end. Prototyped sample orders and non-trade receivables from RV to RF. Designed process documents, scripts and ATAB tables for defining products and prices, order through invoice, and product supplying and delivery. Also developed design documents for data base maintenance, file conversions, inventory accounting, and EDI interfaces for both sales order processing and inventory management.

Application Software Manager for Fiserv, Inc., an IT facilities manager for Commercial Federal Bank in Omaha, NE (12/1994 to 5/1995)

Controlled the end phase of a new release installation of Data-Link's Mortgage Accounting System and year-end processing. Organized new release implementation project for Computer Associate's Midpoint Installment Loans system.

DEFENSE (DOD) PUBLICATION is a DoD issuance that implements or supplements a DoD Directive or a DoD Instruction by providing uniform procedures for management or operational systems and disseminating administrative information. DoD Publications include: Catalogs, Directories, Guides, Handbooks, Indexes, Inventories, Lists, Manuals, Modules, Pamphlets, Plans, Regulations, and Standards. A Catalog is a detailed listing that describes or indexes a collection of information according to some definite plan. A Directory is a compilation serving to direct, that is systematically arranged in alphabetical or classed order, such as a listing of addresses, affiliations, functions, and similar data. A Guide is a handbook that provides information on a specific subject. A Handbook is a concise reference book on the technical aspect of a particular subject or a compilation of factual data and instructional material not subject to frequent change. An Index is a guide to material arranged by a different scheme from that used for the material itself. An Inventory is a listing of material in a group arranged in the same order in which the actual material is arranged. A List is an itemized record or catalog of information. A Manual is a guidance document consisting of procedures that usually contains examples for performing specific tasks. A Module is a Publication that includes specific learning objectives and activities that are designed to be self-instructional and self-paced. A Module is usually part of a series of documents. It may contain charts, graphs, fill-in blanks, and examples to aid the learning process. A Pamphlet is a Publication of 64 pages or less that is complete in itself, but issued in a series, usually numbered consecutively. A Plan is a presentation of military details in preparing for operations well in advance. A Regulation is a document of general application designed to implement, interpret, or prescribe procedural requirements. A Standard is a Publication of technical directions and regulatory material. Back to the top Maintenance window scheduled to begin at February 14th 2200 est. until 0400 est. February 15th DoD Issuance new template training video.
