This is the latest entry in the King of Warriors popular and long-term fighting franchises. Upgrades where the end of the game will be the story of the previous gamePlayable characters. Like Tekken 7 and Street Fighter V, Fighters XV King will become the first name of the series that uses Unreal 4. Thus, the game will represent the graphics and games that developed significantly compared to its predecessors. The game will be released on February 17, 2022. Street Fighter and Tekken. The King of Warriors, is one of the most popular and long-term working battles. The innovative team was responsible for promoting the Battlefield system and included a list of unforgettable characters. If you were a fan, you know that each new version improved the story, and King of the Fighters XV, which is approaching, is no exception. The King of the XV fighters begins, where the XIV history ends and focuses on the chaos that causes a verse. He also talks about a woman known as Chizur Kagura, who gathered the soldiers of the yaga snake to look at the stamp of Orochi. It will also be the first element of the series, which uses an unreal engine of the engine 4. During the premiere, 39 game characters will be represented, while others will be planned as DLC. The popular maximum mode and mechanics of the broken game Strike also come here. There is also a new DJ station containing more than 300 songs and more than the KOF series. However, the game is not yet available when writing this text. In February 2022, he continues to wait a bit to the premiere. If you are a fan of the Kof series at the end of Kof, you return and know that the new game has left the premiere. You will not have to wait long because the King of the XV fighters is coming.

Nevertheless, the continuation of the story is new characters and a new gaming engine. A lot of things that you can worry.
