Ivy doesn't trust the Dragonslayer. He may be her father and the beloved ruler of Valor, but she knows he's hiding more than the treasure from the sand dragon he killed two decades ago. Leaf doesn't trust dragons. They're the reason his favorite sister, Wren, is dead, and now he'll do whatever it takes to slay even one. Wren doesn't trust anyone. She swore off humans after her village tried to sacrifice her to the dragons. She only has one friend, a small, wonderful mountain dragon named Sky, and they don't need anyone else. In a world of dragons, the humans who scramble around underfoot are easy to overlook. But Ivy, Leaf, and Wren will each cross paths with dragons in ways that could shape the destiny of both species. Is a new future possible for all of them . . . one in which humans can look to the skies with hope instead of fear?Title:Dragonslayer (Wings of Fire: Legends)Product dimensions:512 pages, 8.57 X 5.81 X 1.49 inShipping dimensions:512 pages, 8.57 X 5.81 X 1.49 inPublisher:Scholastic Inc.Appropriate for ages:All ages You've reached the website of Tui T. Sutherland, author of the #1 New York Times best-selling series Wings of Fire, the Menagerie trilogy (with my sister Karl), and a few other books. Hopefully you've stopped by because you've read one of my books, or would like to (please do!). Click around to learn more about the Wings of Fire dragons, find out what's coming next, join one of my upcoming events, or visit my blog or Instagram feed (which is probably full of dog and snail photos, if you like that kind of thing!). Pretty much all the beautiful Wings of Fire art on this website was created by the amazingly talented Joy Ang, who does many other things besides draw the most glorious dragons ever-if you love our covers, check out her other artwork and books! Wings of Fire Series The Dangerous Gift Author: Tui T. Sutherland; Illustrator: A wall can't protect them anymore . . . Snowfall didn't expect to be queen of the IceWings at such a young age, but now that she is, she's going to be the best queen ever. All she has to do is keep her tribe within IceWing territory, where it's safe -- while keeping every other tribe out, where they belong.It's a perfect and simple plan, backed up by all the IceWing magic Snowfall can find. That is, until a storm of unidentified dragons arrives on her shore, looking for asylum.The foreigners are completely strange and, Snowfall is certain, utterly untrustworthy. But as she escorts the miserable new tribes out of her kingdom, Snowfall is forced to reconsider her plan. Maybe she can only keep her tribe safe . . . if she's willing to risk everything. This prestigious memoir "Dragonslayer" is drafted out by Tui T Sutherland and narrated by Shannon McManus. Shannon McManus is astounding and she mirrors the voices of characters impeccably. The Flames of Hope and Darkness of Dragons are highly suggestive narrations of Shannon McManus. This is taken from the 2nd volume of the "Wings of Fire: Legends" series. This is the history that makes a huge difference. For quite a long time mythical beasts have considered how three little foragers figured out how to kill Queen Oasis. As of not long ago, Venture out back to before the 'War of SandWing Succession' and experience Pyrrhia as we have never seen it through the eyes of people. Such an astonishing book, with extraordinary composition, energizing plot, and an interesting tale that is associated with the principle series. The readers will love this whole Wings of Fire series. This book begins with the characters as little youngsters, so the followers have no clue about why they would enlist a storyteller that makes the children sound like irritating animation characters. She sounds stooping of youngsters when she talks in their voices. It was difficult to bear to pay attention to her whenever she was depicting a kid's voice. They generally sound somewhat stupid and bratty with this hoarse valley young lady's tone. This is a very decent book, appeared through three changed characters. However, Ivy and Leaf were exhausting, particularly Leaf. Their affection for one another somewhat emerged from nowhere and the Leaf somewhat felt like a camera to witness different occasions the readers have previously found in the series. Tokybook Audio Player The Audio Player works best on Google Chrome (latest version) Hi everyone, please be noticed that the Audio player doesn't play next track on IOS version < 15.6. If you are facing that issue, just upgrade your IOS to version 15.6 to fix it. Enjoy! This special edition of the 1 New York Times best-selling Wings of Fire series soars back in time to give readers a glimpse of Pyrrhia through new eyes. For decades dragons have wondered how three small scavengers managed to kill Queen Oasis.Until now.
