Presidential Election Speech Hello my as many of you know my name is John Moriarty. I am running as the Democratic Candidate for President of the United States of America. So that you understand my positions on certain issues I will tell you a little about myself. I was born on August 16, 1948, my father was a former U.S. senator. I grew up in the Bronx, of New York, and I received a degree in Government from Harvard University. After I graduated I volunteered for enlistment in the U.S. Army and I served in Vietnam. When I returned to civilian life I married a woman named Nicole Swift, who is my wife to this day. We then started a family, in 1973 I had my first son named John, and in 1980 I had another son named James. I then studied Law at Vanderbilt Law School. In 1976 I was elected to represent New York in the U.S. House of Representatives, I was also elected to U.S. Senate in 1984 and again in 1990. I will now state my position on 4 separate issues that are current in the United States today. The first issue I will talk about is abortion. I am pro-choice, I do feel that women should have the right to choose if they want an abortion or not. Abortion is one of the most controversial issues in the United States today. One out of every three pregnancies never takes place because a woman has an abortion. It is understood that a new individual human begins growing in the mother's uterus at fertilization. The term abortion refers to any premature expulsion of a human fetus. Approximately 93 percent of all induced abortions are done for elective, non-medical

reasons. In 1973, the Supreme Court handed down Roe v. Wade and Doe v. Bolton decisions legalizing abortion in all 50 states during all nine months of pregnancy, for any reason, medical, social, or otherwise. This problem has split America in to two sides; pro - choice and pro - life. In January 22, 1973 U. S Supreme Court declared that a women had the " Fundamental Fight" to have an abortion. I agree with the ruling the Supreme Court made I will stand by it. The next issue I am going to elaborate on is gun control. I am very supportive of controlling the amount of guns that are distributed, I feel that there is too many crimes with illegal guns that happen everyday.
