The local authority has installed electrical heating systems in its 13,000 properties since 1995, making them more powerless for days, and chaotic conditions should become more common. The situation is presenting the Aberdeenshire Council with a pressing problem. How can the body ensure that its many tenants remain warm when they have no electricity? Braemar arrived at the headlines this year with the residents fearing the consequences of losing their fireplaces. Heating problems - Not just a question of Braemar - the matter arose when the Marr Area Committee met to discuss a petition from the Braemar Community Council. The Royal Deeside activists are fighting to prevent controversial plans to fire coal from a handful of local authority houses. The affected residents say they provide vital backup in case of storms that have recently left them powerless for long spells. Advisers agreed to press the housing service to suspend the scheme on hold, and a final decision will be taken in the coming weeks. But they also decided that this was "not just a matter of braeming", with the ever-increasing threat of severe climate, leaving thousands throughout the region at risk of prolonged. Council tenants "Missing Basic Human Rights" Aboyne, Upper Deeside and Donse Counsel Paul Gibb said tenants suffer "an inequality" because they cannot have a backup heating source when other residents of Aberdeenshire can. ohlesnoc ohlesnoc ues me otnemicuqa o regetorp ed sarienam agitsevni euq erihsneedrebA ed ohnidep ;Åtse ssoR nnA ."oxiab arap aÅebac ed odut maratnavel" sedatsepmet sa euq ed ohlesnoC od aramÅC ad soniliuqni sod emon me ahnapmac odnezaF ;Åtse ttekcalB aveG .aigrene medrep sarietni sedadinumoc odnauq aur ad sezul ed atlaf Å e sacit;Åmilc seÅÄidnoc a odived res edop ossi .sedatsepmet etnarud soir;Åtinumoc sortnec me oigÅfer racsub ,oifr ofÅuQ setnatropmi ofÅn ,sasac saus raxied a sotsopspid ofÅtse ofÅn etnemlareg soniliuqni so euq ebuos m©Åbmat saÅÄebac- arbeuq odneceuqa sasac licnuoC erihsneedrebA å?arapsid aigrene a odnauq sodiceuqa mahnetnam es soniliuqni sossen so sotdot euq ritnaraq somedop omoc ,alpma siam ofÅtseuq amu Å .ofÅÄalsigel alep sodalucniv meres mes saÅÄadum sairpÅrp saus rezaf medop saossep sa ,etnerefid lamina mu ©Å odavirp rotes od ofÅSÅatibah Å .acarf siam ai©Ådi a ohnet ofÅn ue - "Its delivery is reliant on a range of external factors during what is still a very challenging time but we will make the most of every opportunity that arises. ÅÄAs well as increasing the amount of affordable housing available, the SHIP focuses on enabling people with particular needs to access suitable accommodation to help them live as independently as possible. ÅÄAs energy efficiency is also very important given the challenges around energy costs, and that has been a key factor in shaping the plan." Beyond that, the plan will also support local housebuilding and contributes towards the delivery of the Scottish Government's Housing to 2040 vision.
