Android 4.0.3 + Version: 1.11.1 1735.4Mb Warner Bros. International Enterprises LEGO Marvel Super Heroes (MOD, money/magnet) - you will learn the history, which takes place in the Marvel world. At your disposal are your favorite heroes, Captain America, Hulk, Iron Man, Spider-Man, Wolverine and many others. It is your responsibility to prevent the mission of Loki and the other villains to create a super-powerful weapon that can destroy the world. QR Code Author Latest Version: 1.11.2 Publish Date: Sep 21 2018 Download APK (7.62 MB) Download Obb (1.42 GB) LEGO® Marvel™ Super Heroes: Universe in Peril features an original story crossing the entire Marvel Universe. Take control of Iron Man, Spider-Man, the Hulk, Captain America, Wolverine and many more Marvel characters as they unite to stop Loki and a host of other Marvel villains from assembling a super-weapon capable of destroying the world! GAME FEATURES: • Over 91 playable characters, such as Iron Man, Spider-Man, Captain America, Wolverine, and more can be unlocked as you progress through the game. Select character families can be accessed at any time through purchase via our in-game store. • Complete 45 action-packed missions as you chase down Cosmic Bricks across key locations from the Marvel Universe • Battle enemies using super power abilities such as flight, super strength and invisibility. • Use fast-paced combat moves and activate Super Moves like Hulk's Thunder Clap and Iron Man's Arc Reactor. • Complete challenges and earn rewards. • Switch between "Console" and "Touch Screen" controls to find the play-style that suits you best. NOTE: This game is filled with many hours of content and cinematics that take up a lot of space! You'll need 2.2gb of available space on your device if you install over wifi, but only 1.1gb of space if you download on your computer and then sync. As with many large app installations, we advise that you restart your device after installing as this will resolve some stability issues. Also make sure you have installed the most recent firmware. No internet connection is needed to play this game. If you are experiencing difficulties, please contact us at support.wbgames.com. Category: Free Arcade & Action Get it on: Requirements: 4.0.3 or higher+ LEGO® MARVEL Super Heroes APK Version History LEGO® MARVEL Super Heroes 1.11.2 for Android 4.0.3 or higher APK Download Version : 1.11.2 for Android 4.0.3 or higher Update on : 2018-09-02 Download APK (7.62 MB) LEGO® MARVEL Super Heroes 1.11.4 for Android 1.0 or higher APK Download Version : 1.11.4 for Android 1.0 or higher Update on : 2018-09-08 Download APK (1.42 GB) This game can be said to be two popular and progressive series of collision of innovation, not only highly restored Marvel series of characters and story, but also combines the LEGO series of unique and interesting narrative game. This is a charming game. This is a collection of Marvel's many super heroes game. Iron Man, Spider-Man, Star Trek, and Dr. Ki are all coming together in this piece of work to fight side by side. Every Marvel character has its own unique abilities and features that are key to making the best use of these abilities at the right time for them to work together. For example, the Star Jazz can fly freely using a jetpack, the captain of the United States can throw a shield trigger, and Raytheon is good at releasing lightning to charge the machine - features that are perfect for solving puzzles in specific locations. The fully armed rocket raccoon, Iron Man, Hulk are very good at fighting to show their talents. As the game progresses, more and more new heroes will gradually. In addition to being able to provide you with a brief freshness, the newly ed heroes will be able to return to previous levels in free mode to solve the puzzles that the old heroes can not solve for the time being. And this also greatly enhances the game's repeatable play value. Associating each superhero is an original story about the same level as most "chaos" games. Of course, LEGO is still doping some of its own unique humor. For example, every time when the director of the SHIELD shields his snacking drinks, the Star Trek will easily be able to dance with a lot of characters while playing music. Compared with the more serious works of the same genre, "LEGO Marvel Super Heroe "Actually nothing really narrative level of value at all. It is closer to an all-age Marvel theme virtual park. Fighting, collecting and puzzle solving are the main components that fill the game's flow. No matter which part is more or less with the restructuring of Lego blocks associated. Such a design idea may already be well-established for the hardcore LEGO fan, but given that virtually no other player in the market except LEGO uses similar puzzle logic in the game, it is still possible for unfamiliar players At the beginning, you have to have a glimpse of water. For example, players who used to play the traditional RPG may find it hard to think that they actually need to use the blocks to fight weapons on the battlefield of BOSS. People who are accustomed to pushing boxes, pressing buttons, searching for passwords and other traditional solutions to the mystery will not be too easy in an instant to turn their core solutions to "destruction and reorganization." In addition, like other LEGO titles, LEGO Marvel Super Heroe is far too simple for players who are familiar with the inherent logic of LEGO's game and are a little more advanced. Fighting is basically a fool's death, death can not only resurrect the original full of blood, but also has unlimited life-long. The building blocks are in every corner of the game, and in theory can be repeated as often as you want - for middle to high-end players, access to such resources at your fingertips probably will not have any sense of accomplishment at all. So this also leads to a very controversial issue, that is, this "full-age" game is not suitable for all players, and even not suitable for the general sense of the public players. To be honest, it's hard to recall even an exciting moment in the game. Whether it is fighting, collecting or solving puzzles, I seem to be able to get the brain on standby, just relying on the instincts of biological conditioned reflections. When playing to the game in the late play a cinematic animation, accompanied by the star selection of songs, I drowsily into sleep. It was about four in the afternoon, with warm sunshine on the face - when night woke up, the night was over, and the stars in the screen were still twisting with the rhythm of the music. This is the most wonderful time I spent in this game. apkawarD.Com Like most other Lego games, this game is still primarily aimed at children, parents who want to spend their own time with their children, loyal LEGO toy fans, and some light puzzle lovers. And they do not need overwhelming reorganization of the mechanism, otherwise it will increase the unnecessary cost of learning; do not need more difficulty, because the current challenges are enough; do not need more rigorous script story, because "arbitrary" was originally Lego Part of the charm. Considering the very large differences in capabilities among the various characters in the game and the fact that there are basically no signs of any adjustment in the balance, this model is virtually non-athletic and fair at all. Like the overall style of the Lego game, the maximum value of this model still lies in the bustling family scene: the outcome is not important and the delight is the king. Home»Games»Action»LEGO Marvel Super Heroes LEGO Marvel Super Heroes Mod Apk is an action-packed game that requires Android OS for cell phones. It includes Marvel comics as part of its story. You can control comic-book heroes like Iron Man, Spiderman, Wolverine, Hulk, etc. in this game. The latest version includes many new features.
